**Subject: Issue resolved: Reversal suspension operating authorization  
Dominican Republic operators**

To Dominican Republic operators:

The Sint Maarten Civil Aviation authority (SMCAA) is pleased to announce that the issue between the Civil Aviation Board of the Dominican Republic (CAB) and Windward Island Airways International N.V. (Winair) that resulted in CAB restricting Winair flights to the Dominican Republic has been resolved to the satisfaction of the SMCAA.

Therefore, the SMCAA is also pleased to announce the reversal of the decision to suspend the operating authorizations from the airlines of the Dominican Republic. All operating authorizations will once again be valid for commercial air service to Sint Maarten provided that the authorizations have not exceeded its expiry date.

Sincerely,

Mr. Louis Halley, Department Head for Civil Aviation and Shipping and Maritime  
on behalf of  
The Minister of Tourism, Economic Affairs, Traffic & Telecommunication
