Re.: Wifol / Royal Resort Group, SBRMC

Dear colleague,

It is my understanding from contact with the government mediator that your client will not voluntarily allow the members of my client back to work.

By means of this letter my client would like to inform you that its members want to resume their duties immediately and request your client to cooperate.

If your client however would not allow all members of my client back to their place of work, individual summary proceedings will be started right away, which, as you will know, will lead to the return of the members of my client to their job.

Please inform me no later than **11 February 2011 on 2.00 pm** that your client will adhere to this summons and that an orderly immediate return to the place of work will be organized together with our client and the government mediator.

A copy of this letter will also be forwarded to your client considering that it is a demand with legal effect. I will also send a copy of this letter to the government mediator.

Yours sincerely,

W.A. van Sambeek
